WEDNESDAY, NOVEMBER 4
11:00 a.m. - 4:00 p.m.

THURSDAY, NOVEMBER 5
10:00 a.m. - 2:00 p.m.

ABOUT THE CO-SPONSORS OF GLASS EXPO MIDWEST™

USGlass METAL & GLAZING
USGNN THE USGLASS NEWS NETWORK

USGlass® magazine is the largest trade publication dedicated exclusively to the architectural glazing industry. It serves manufacturers, fabricators, distributors, and contract glaziers. Its targeted editorial covers market trends, new technologies, best practices and key issues such as design evolution, energy efficiency and competition. It also leads in digital offerings, providing the industry's twice a week news service (USGNN™) and a worldwide digital edition.

[DWM] DOOR AND WINDOW MARKET™

Door and Window Market **[DWM]** magazine serves all facets of the residential door and window industry, reaching manufacturers, dealers, installers and suppliers. As the industry's largest publication, **[DWM]** delivers targeted editorial content focused on market trends, new technologies, best practices and the regulatory and competitive issues impacting readers' businesses.

AGRR™ Auto Glass Repair and Replacement
glassBYTES.com™ Online Industry News from AGRR™ Magazine

Auto Glass Repair and Replacement™ (**AGRR™**) magazine has the largest circulation of automotive glass retailers of any auto glass magazine in the world. Along with its glassBYTEs.com e-newsletter, **AGRR™** is the only entity devoted exclusively to the automotive glass industry, including repair, replacement, and recalibration.

Scan the QR code to get your FREE subscription to **USG**lass, **[DWM]** or **AGRR™** magazines.

GLASS EXPO MIDWEST™ SCHEDULE-AT-A-GLANCE

TUESDAY, NOVEMBER 3, 2026

2:00 p.m. – 5:00 p.m.	**REGISTRATION OPEN** - Hall D Foyer
6:00 p.m. – 9:00 p.m.	**GUNS & GLAZING EVENT HOSTED BY U.S. BULLET PROOFING / QUIKSERV** - Vance Outdoors

WEDNESDAY, NOVEMBER 4, 2026

7:00 a.m. – 6:00 p.m.	**REGISTRATION OPEN** - Hall D Foyer
8:00 a.m. – 3:00 p.m.	**EDUCATIONAL PROGRAM - ARCHITECTURAL GLASS TRACK** Meeting Room 182/183 (Pod D) - See pages 4-5 for details
8:00 a.m. – 5:00 p.m.	**EDUCATIONAL PROGRAM - AUTO GLASS TRACK** Meeting Room 180/181 (Pod D) - See below for details
2:00 p.m. – 6:00 p.m.	**TRADE SHOW FLOOR OPEN** - Hall D
4:00 p.m. – 5:30 p.m.	**WELCOMING HAPPY HOUR ON THE TRADE SHOW FLOOR** - Hall D

THURSDAY, NOVEMBER 5, 2026

7:00 a.m. – 2:00 p.m.	**REGISTRATION OPEN** - Hall D Foyer

AUTO GLASS SAFETY COUNCIL™ TRAINING AND CERTIFICATION TESTING

Get certified by the Auto Glass Safety Council in auto glass replacement, auto glass repair, ADAS calibration, and/or customer service. Training includes the ability to take the certification test at no charge. Scheduled training:
Meeting Room 180/181 (Pod D)

AUTO GLASS SAFETY COUNCIL™

WEDNESDAY, NOVEMBER 4

8:00 a.m. – 11:00 a.m.
AGSC Auto Glass Replacement Certification Training and Testing

12:00 p.m. - 3:00 p.m.
AGSC Auto Glass Calibration (ADAS) Specialist Certification Training and Testing

3:00 p.m. – 5:00 p.m.
AGSC CSR Certification Training and Testing

THURSDAY, NOVEMBER 5

8:00 a.m. – 11:00 a.m.
AGSC Auto Glass Repair Certification Training and Testing

GLASS EXPO MIDWEST 2026™

EDUCATIONAL PROGRAM

Meeting Room 182/183 (Pod D)

WEDNESDAY, NOVEMBER 4, 2026

8:00 a.m. – 8:15 a.m.

Welcome Session

Start your day with a warm welcome and hear what the next two days of education look like. Immerse yourself in industry matters and kick-start your day to make the most of all that this year's Glass Expo Midwest™ has to offer.

***Faculty: Debra Levy**, publisher of **USG**lass® magazine.*

8:15 a.m. – 8:45 a.m.

Industry Economic Forecast and Glass and Glazing Update

This session provides recent industry-specific research and up-to-date information on the economic state of the Midwest glazing industry. Nick St. Denis will provide a forecast of what the region's commercial and residential glass and metal industries can expect as a result of market shifts. Understand what these shifts can mean for current and future business moves.

***Faculty: Nick St. Denis**, vice president of research and data for Key Media & Research. Nick's department conducts syndicated and customized research reports for the architectural glass and metal, fenestration, and auto glass industries, as well as other related markets. He previously served as the research editor of KMR's trade publications, including **USG**lass®, and holds a master's degree in survey research from the University of Connecticut.*

8:45 a.m. – 9:00 a.m. Break

9:00 a.m. – 10:00 a.m.

Fortifying Building Safety with Ballistic, Blast, Storm Impact and Forced Entry Solutions (1 LU/HSW)

As the number and volatility of threats to facility security and safety continue to escalate, protection is becoming paramount in today's facility design. Whether it's high-level protection from ballistics, blast, storm impact, or forced entry, this course reviews the various protection levels, testing standards, best practices, and the fundamental fenestration solutions that will fortify your building to protect people and property. Following this course, attendees will be able to identify key fenestration design criteria that will fortify buildings against ballistic, blast, forced-entry, and environmental threats.

***Faculty: Wade Arnold**, vice president of sales for Specialty Fenestration Group, which includes U.S. Bullet Proofing & Quikserv.*

10:00 a.m. – 11:00 a.m.

Building Great Project Managers

Glazing companies live—and die—on the quality of their project management. This real-life, roll-up-your-sleeves session will discuss the three "Ps" of successful project management for glass companies: finding and training the right personnel; the processes you use, including the right tools and ways to plan for all contingencies. This seminar was first held at Glass Expo Northeast™ earlier this year and garnered rave reviews.

***Faculty: Moderator Carrie Jeske** of JEI: Structural Façade Engineering & Drafting, leads a panel of experts who are experts at being (or making) great project managers. **Michael Zook,** president of Ohio Glass & Aluminum. **Damon Parker**, general manager of Pioneer Cladding & Glazing Systems, Inc.*

11:00 a.m. – 12:00 p.m.

Heavy Glass Entrance Systems (1 LU/HSW)

This AIA-approved session will provide a clear understanding of the types of glass approved for use in all-glass entrance and door systems, both for interior and exterior use, including insulating all-glass thermal doors, energy codes and NFRC Ratings for custom insulating glass doors. You will gain a better understanding of the codes and limitations of frameless glass entrance and door systems through a thorough review of the NGA Heavy Glass Door Design Guide. Industry maximum size recommendations and tolerances will also be discussed. After attending this session, you will become familiar with various types of frameless glass door access control hardware, including panic exit devices, magnetic locks, and passage locks, and be able to identify considerations related to emergency egress devices, including building and fire codes, ANSI/BHMA requisites, and health and safety codes.

***Faculty: Doug DeRusha**, CSI CDT, vice president of sales for FHC Frameless Hardware Company.*

12:00 p.m. – 12:30 p.m. Break

(Grab some lunch for sale inside the ballroom and bring it back with you for our roll-up-your-sleeves session on knowing the real value of your business.)

12:30 p.m. – 1:30 p.m.

Special Workshop:
How to Value Your Business?
The Important Key Financial Indicators

"Business Essentials" – things every owner and business manager should know-from how to calculate a break-even analysis to basic business appraisal techniques, this session will be worth your time to attend. This session will benefit you if you are preparing for growth or a sale, or if you just want to better understand your business's financial indicators.

Faculty: Lyle R. Hill *is the co-founder and CEO of Glass.com, former founder and CEO of Glass America, and spent 22 years as the CEO of MTH Industries. Lyle has served as a graduate school professor in economics, marketing, and entrepreneurship. This presentation will be fast-paced and will provide attendees with information they can use immediately.*

2:00 p.m. – 6:00 p.m.

Glass Expo Midwest™ '26 Show Floor Open

THURSDAY, NOVEMBER 5

8:00 a.m. – 9:00 a.m.

Breakfast and a Movie: Building the Bean

Join us for breakfast and the world premiere of the documentary "Better than Perfect: Building the Bean," which profiles the work of ironworkers in building the unique Cloudgate sculpture in Chicago. Admission is included for all registration types except Trade Show Only, but you must pre-register so we can plan the appropriate number of breakfasts.

9:00 a.m. – 10:00 a.m.

Your Workforce of the Future

The digital world has changed how we find workers and who those workers are. Your next employee may not work for you directly but for an online service provider, a union, or another labor provider. And they may have non-traditional backgrounds. You'll learn how your competitors are finding workers in new and non-traditional ways.

Faculty: Marcus Dreher *is the owner/manager of MP Drafting & Design and the co-owner and content developer at LearnGlazing.com.*

David Schweiterman *is COO and vice chairperson of the board of Glazier Nation.* ***Debra Levy*** *is the publisher of* ***USG****lass® magazine.*

1:30 p.m. – 3:00 p.m.

KEYNOTE SESSION:

C-Suite Changes Coming in the Contract Glazing Industry and How to Future-Proof Yours

No, we don't mean personnel changes but rather compelling and disruptive trends that will change how the contract glazing industry obtains, bids, and executes work. This session will discuss the developing changes in marketing channels, customer base, and more. Ensuring your company can adapt and take advantage of those changes is paramount to ensuring a successful future. This overview will highlight the material, technical, and cyber changes that will reach and affect your business. You'll learn how to capitalize on these changes rather than fear them.

Faculty: Attila Arian *is the CEO of KE Outdoor Design USA. He is the former president of Schüco, where he spent ten years in the global glazing façade industry. Before that, he served as president of seele GmbH. He has served as CEO of several German Design Build Contractors before he joined seele in 2009 as the president of its U.S. operation. Under his leadership, seele grew into a recognized façade contractor in the U.S., with an impressive project portfolio including Apple Cube, the Institute of Peace in Washington, DC, the Miami Art Museum, the Kimbell Art Museum in Dallas, and The Broad Museum in Los Angeles.*

10:00 a.m. – 11:30 a.m.

Interactive Workshop:
Creating High-Performing Teams

Through real-world examples from the glass industry, group participation, and practical conflict-resolution strategies, attendees will explore how to turn differences and difficult conversations into stronger working relationships and higher-performing teams. Most importantly, participants won't just learn concepts—they'll develop a personal action plan to apply what they've learned and increase their own effectiveness, team productivity, and overall job satisfaction.

Workshop leader: Carrie Jeske *of JEI: Structural Façade Engineering & Drafting, who uses this program in her company with great success.*

10:00 a.m. – 2:00 p.m.

Glass Expo Midwest™ '26 Show Floor Open

LEARNING LAB EDUCATIONAL SESSIONS

On The Trade Show Floor

WEDNESDAY, NOVEMBER 4

3:30 p.m. – 4:00 p.m.

Stop Bullets and Break-Ins: Selecting Glass To Deter Active Shooters

Learn how evolving active-shooter threats are shaping security standards and how glazing and framing solutions can help protect building occupants.

Faculty: Jon Peitz*, business development account manager of Total Security Solutions.*

4:30 p.m. – 5:00 p.m.

Benefits and Cost Savings of Measuring Digitally vs. Manually

Shift from manual tape to digital precision to eliminate human error, slash install times by up to 40%, and unlock massive data-driven cost savings.

Faculty: Steven Moran*, co-CEO of Flexijet North America.*

THURSDAY, NOVEMBER 5

11:45 a.m. – 12:15 p.m.

Privacy on Demand: The Business of Switchable Glass

Learn how PDLC smart film and laminated glass switch from clear to private in an instant, turning any glass surface into a high-margin solution for fabricators, glaziers and installers in retrofit and new construction.

Faculty: Andrew Cunningham, *vice president of Ghost Glass.*

12:30 p.m. – 1:00 p.m.

New Ways to Find Employees

Come hear some of the new and out-of the-box strategies companies utilize to attract workers who stay.

Faculty: Debra Levy, *publisher of* ***USG****lass® magazine.*

EXHIBITOR DIRECTORY

A.M.Fabricators/WDI
#212
www.amfabwdi.com
A.M.Fabricators/WDI is a distributor of Kawneer's complete line of products including shop drawings, engineering and fabrication.

AGRR™ magazine
#600
https://agrrmag.com
AGRR™ has the largest circulation of automotive glass retailers of any auto glass magazine worldwide. Along with its e-newsletter, glassBYTEs, **AGRR** is the only entity devoted exclusively to the automotive glass industry.

AGS, Inc.
#214
www.agsshade.com
AGS is an industry leader in the custom design, manufacture and delivery of exterior sunshades, grilles, light shelves and trellises.

ASSA ABLOY
#304
www.assaabloyglass.us
ASSA ABLOY Glass Solutions provides commercial hardware for all-glass entrances and partitions, including patch fittings, rails, panic devices, locking pulls and electrified hardware.

Auto Glass Safety Council™ (AGSC)
#500
www.agsc.org
AGSC is a not-for-profit organization dedicated to the safe and proper repair and replacement of auto glass and standardizing North America's only standards for auto glass repair and replacement.

Bella Architectural Products
#110
www.bellaarchitectural.com
Bella Architectural Products offers custom architectural products and services for the glazing industry.

Blue Star Architectural Glass
#311
www.bluestarglass.net
Blue Star Architectural Glass is a glass fabricator specializing in high-performance insulating units, heavy tempered glass partitions, shower doors, all-glass entrances, jumbo glass, heat soak testing and more.

Bovone North America
#410
www.bovonenorthamerica.com
With 70 years of design and innovation, Bovone North America has delivered unparalleled quality through industry leading edgers, bevelers, lamination systems and robotic automation solutions since 1954.

BVB Architectural Products
#209
www.bvbproducts.com
BVB Architectural Muntins (BAM) offers a variety of installation methods to integrate muntin grids seamlessly with storefront and curtain wall systems. SimSteel simulates the look of steel with ultra-thin aluminum framing.

Cline Aluminum Doors, Inc.
#405
www.clinedoors.com
Cline Aluminum Doors has 65 years of manufacturing experience in the commercial door industry, setting the standard for aluminum and FRP flush doors, including hurricane-approved products for harsh environments.

CMS North America
Booth #510
https://www.cms.it/en_US/company/cms-north-america
CMS Glass Technology delivers advanced solutions for flat and curved glass processing, including CNC machining centers, cutting tables, and waterjet systems, serving the architectural and interior design industries.

CRL
#505
www.crlaurence.com
CRL will feature showers, railing and core items as well as full-service glazing supplies.

DeGorter Inc.
#501
www.degorter.com
DeGorter Inc. is a supplier of glass fabricating machinery, accessories and plant design.

Door Controls USA
#215
www.doorcontrolsusa.com
Door Controls USA is a premier source for manual hardware and low-energy operators, backed by 24/7/365 expert technical support.

dormakaba Americas, Inc.
#208
www.dormakaba.us
dormakaba glass systems bring the benefits of glass to your projects: transparency, daylighting, versatility, efficiency, space savings and low cost of ownership.

[DWM] magazine
#600
www.dwmmag.com
Door and Window Market **[DWM]** magazine serves all segments of the residential door and window industry, reaching manufacturers, dealers, installers and suppliers. As the industry's largest publication, **[DWM]** delivers targeted coverage on market trends, new technologies, best practices and key regulatory and competitive issues. Visit booth #600 to learn more and sign up for your free subscription.

EDTM, Inc.
#515
www.edtm.com
EDTM Inc. provides test equipment and sales kits for the glass, window and window film industries.

Ergo Lifting Technologies
Booth #701
www.ergolifts.com
Ergo Lifting Technologies is the evolution of Ergo glass manipulators designed and built by the Knotts family, taking their original inventions and designs to the next level.

ERGO Robotic Solutions
#400
www.ergorobotic.com
Ergo Robotic Solutions designs, builds, sells and rents outstanding glass and metal installation equipment. The company provides innovative solutions to problems in order to assist customers with their material and handling needs.

Everest USA
#312
www.everest.al
Everest USA Corp. is a vertically-integrated aluminum extruder with 30+ years of experience in architectural aluminum that offers innovation. A fully automated extrusion plant is planned to launch in Ohio in the near future.

F. Barkow Inc.
#210
www.barkow.com
Since 1879, craftsmen at F. Barkow Inc. in Milwaukee have been manufacturing the highest quality transportation for flat glass in the industry. The company is a true job shop dedicated to making exactly what our customers want.

SPONSOR

FHC Frameless Hardware Company
#200
www.fhc-usa.com
FHC backs glaziers and fabricators. The company is the leading glass and glazing manufacturer/supplier to the industry. FHC Chicago opening 2027!

Flexijet North America
#104
www.myflexijet.com
The Flexijet 3D digital measuring system is an advanced laser measurement tool that captures precise 3D or 2D measurements on-site and creates real-time CAD drawings, eliminating manual errors and post-processing.

FOREL North America
#414
www.forelspa.com
Celebrating 50 years of innovation, FOREL is a leading Italian manufacturer of advanced flat glass processing machinery, specializing in insulating glass lines, fabrication equipment and sorting systems that drive industry excellence.

Gardner Walker
#411
www.gardnerwalker.com
Gardner Walker is North America's market leader in the development and manufacture of premium-quality mirror and acid-etched glass substrates. With four strategically located facilities across North America, the company proudly serves architectural glass fabricators throughout the United States and Canada, from coast to coast.

Ghost Glass
#601
www.ghostglassfilm.com
Ghost Glass is a supplier, manufacturer, and fabricator of the highest-quality PDLC smart film on the market. The company offers custom cutting, provides training on the technology and its integration, and can engineer and design systems utilizing Ghost Glass products.

Glass and Glazing Hardware (GGH-USA) LLC
Booth #516
https://ggh-usa.com
Glass and Glazing Hardware is a trusted supplier of glazing hardware, offering quality railing systems, shower hardware, door rails, and more, with a warehouse in Columbus, Ohio.

Glassopolis
#415
www.glassopolis.com
Glassopolis is one of the world's largest producers of fire-rated glass for hollow metal openings. Lead XRAY, security, forced entry, bullet- and windstorm-resistant glass are available as well.

Glazier Nation
#118
https://www.glaziernation.com/
Need dependable skilled labor? Glazier Nation, has you covered! The company connects glass companies and general contractors with nationwide workforce solutions, delivering skilled workforce and reliable partnerships.

Glazier Software
#106
www.glaziersoftware.com
Glazier Software is the modern all-in-one software for commercial and residential glass installers.

GlazierIQ
#506
www.glazieriq.com
GlazierIQ is the industry's smart marketplace, connecting education, sourcing and vendor alignment to help glazing contractors reduce chaos, standardize purchasing and run more profitable commercial projects.

Great Lakes Lifting
#205
www.greatlakeslifting.com
Great Lakes Lifting offers rentals for all your glass lifting needs and is an authorized Wood's Powr-Grip repair center.

Guthrie AI Inc.
#302
www.guthrieai.com
Guthrie AI is an AI-powered construction document analysis system that automates scopes, highlights risks and speeds bidding. Boost accuracy, reduce labor and win more work.

IGP Tools
#207
www.igptools.com
IGP Tools is the premier supplier of all types of glass fabrication tooling and accessories.

Imagic Glass
#502
www.imagicglass.com
Imagic Glass manufacturers high-quality decorative glass, as well as tempered, laminated and polycarbonate.

Insulgard Security Products
#413
www.insulgard.com
Insulgard Security Products has been a trusted leader in architectural security, providing tested and certified solutions to protect people and property from ballistic threats, forced entry and extreme winds.

Interglass
#605
www.interglassusa.com
Interglass is a glass and hardware distributor.

JEI Structural Facade Engineering & Drafting
#508
https://jeistructural.com/
Specialty glass, glazing, CFS and panel consulting, engineering, and drafting, under one roof. Decades of industry experience prove that "The cheapest problem to fix is the one discovered early."

JLM Wholesale, A Division of Lockmasters
#313
www.jlmwholesale.com
JLM Wholesale is a distributor of security door hardware from the biggest name brands in the industry. It also while provides top-notch customer service through our sales technicians.

KENWA Trading Corp.
#512
https://kenwa-america.com
KENWA Trading Corp. provides innovative door hardware and door automation solutions for glass doors. Its cutting-edge door control solutions offer convenient functionality, effortless operation and an elevated level of safety for every user.

Kingspan Light + Air
#206
www.kingspanlightandair.us
Kingspan Light + Air manufactures a wide range of dependable daylighting and smoke vent solutions.

KMR Research
#301
https://research.keymediaresearch.com
KMR Research is a provider of in-depth business research for a variety of industries, including architectural glass and glazing, doors and windows, automotive glass and more. KMR conducts custom/proprietary and syndicated research in these markets.

Lattuada North America, Inc.
#404
www.lattuada-na.com
Lattuada North America distributes top-of-the-range machines for glass and stone processing, even fitted with robotics and automation solutions. The company also provides tooling, spare parts and qualified technical service.

LC HARDWARE
#603
www.lc-hardware.com
LC Hardware offers innovative solutions for customized frameless shower doors and handles, hinges, clamps and more, providing high-quality products and easy terms!

LearnGlazing.com
#504
www.learnglazing.com
LearnGlazing provides practical, industry-led education for glaziers and glazing professionals, helping companies train crews faster, reduce mistakes and build consistent skills across commercial glass projects.

Mapes Panels
#503
https://mapes.com/
Since 1952, Mapes has been a leading manufacturer of Unrivaled quality, architectural products. Custom produced to your specifications, Mapes specializes in producing aluminum canopies and laminated infill panels.

McGrory Glass Systems
#306
https://mcgrory.com/
Family-owned for more than 40 years, McGrory Glass Systems offers comprehensive glazing and framing solutions across sectors and under one roof.

Millet Glass Industry
#517
www.millet.com.mx
For over 50 years, Millet Glass Industry has delivered premium glass solutions for facades, interiors and windows, combining quality, innovation, craftsmanship and exceptional service across North America.

MyGlassTruck
#412
www.myglasstruck.com
MyGlassTruck manufactures durable glass racks for vans, pickups and more, as well as custom glass truck bodies. Its American-made products are trusted nationwide for their strength, reliability and efficiency.

National Glass
#408
www.ngdglass.com
National Glass supplies architectural fabricated flat and curved glass. The company's production capabilities include jumbo-size tempered, laminated, IGU fire-rated glass and switchable privacy glass.

Q-railing USA Co.
#609
www.q-railing.com
As the "premium brand in railing systems," the "premium" at Q-railing, stands for superior quality products at a competitive market price with customer service you can count on!

Quality Hardware of Michigan
#300
https://quality-hardware.com
Since 1989, the industry's leading producers of commercial doors have looked to Quality Hardware as their preferred source for door hardware.

Quattrolifts USA
#305
www.quattrolifts.com
Quattrolifts offers a range of glass-lifting machines capable of handling glass from 110 to 1,800 pounds, serving glass suppliers, door and window manufacturers, installers and glaziers.

Quikserv
#204
https://www.quikserv.com/
Quikserv manufactures transaction windows and pass-through systems for restaurants, schools, stadiums, government buildings, data centers and more. The company's durable products, superior craftsmanship and exceptional service deliver secure, convenient customer interactions.

RAMCO
#303
www.ramcometals.com
RAMCO is a service-oriented manufacturer of architectural-grade aluminum windows, entrances and storefront systems. The company also distributes leading industry brands, including Kawneer, Laminators Inc., and Cline Doors.

SPONSOR

Ray-Bar Engineering Corp.
#604
www.raybar.com

GLASS EXPO MIDWEST™ '26 ANTI-TRUST POLICY

Glass Expo Midwest™ '26 and its exhibitors, sponsors, affiliated associations and entities operate within all federal and state trade regulations and anti-trust laws. Activity contrary to this policy is unacceptable and not permitted, whether from any attendee, speaker, staff or other person, collectively known as participants. There shall be no substantive discussions other than at official presentations and meetings. During all activities, meetings or discussions, participants will refrain from any subject matter, which is, or could be construed to be, for the purpose of:

- Raising, lowering, or stabilizing prices;
- Allocating markets, territories or customers;
- Encouraging boycotts or exclusions;
- Fostering unfair trade practices;
- Encouraging illegal brokerage or rebates;
- Refusing to deal with a firm because of its pricing or distribution practices; and/or
- Discussing whether the pricing practices of any industry member are unethical or constitute an unfair trade practice.

PARTICIPANT ANTI-TRUST DO'S AND DON'TS

- **DO** be familiar with the Glass Expo Midwest™ '26 anti-trust policy.
- **DO** schedule and attend meetings only where there are appropriate agenda items to consider.
- **DO NOT** participate in secret meetings.
- **DO** speak up if the discussion moves into inappropriate territory; request that the conversation cease; and remove yourself from the room should the remainder of the participants continue.
- **DO** seek legal counsel should sensitive subjects be up for discussion.
- **DO NOT** establish programs or guidelines that are for the primary purpose, explicit or implicit, of excluding some members of the industry.
- **DO NOT**, without specific authorization, make public or private communications about policies or positions concerning Glass Expo Midwest™ '26 or any of its affiliated organizations.

INNOVATION. INSIGHTS. CONNECTIONS.
